PROFESSIONAL EXPERIENCE

1. MK Footwear Ltd.

R&D Officer

Duration: 01 June, 2022 - 7 July, 2023

RESPONSIBILITIES

The role involves confirming materials for final samples and providing patterns for knife-making. It includes offering full production support by supplying marking patterns, screen films, molds, and knives, as well as ensuring the suitability of samples or suggesting alternatives when needed. The responsibilities also cover handling any production issues in coordination with the product development department to ensure timely resolution. Additionally, the role requires inspecting raw materials before start-up or changeovers, maintaining strict quality control of fitting samples

OTHER SKILLS

Punctuality, teamwork, attention to details

HOBBIES AND INTERESTS

Traveling, playing cricket and football, gym

as per buyer requirements, and supporting consumption, pattern cutting, and pattern grading processes. Buyers handled include FILA, LANDOVER, REDTAPE, TAMARIS, VENICE, and JANA.

2. Edison Footwear Industry Ltd.

R&D Junior Executive

Duration: 18 December, 2023 - 8 August, 2025

RESPONSIBILITIES

As a project leader, I successfully managed end-to-end product development by closely following buyer instructions and ensuring flawless project execution. My responsibilities included creating accurate patterns using ICAD 3D+ software, developing innovative designs, confirming materials, and providing technical support such as patterns, molds, and marking knives to the production team. I also oversaw sampling, costing, and product specifications while maintaining precise account updates and management reports. A key part of my role was building strong relationships with global buyers, particularly from renowned ZARA Group brands (ZARA Kids, Pull&Bear, ZARA Man, ZARA Woman, and Bershka), allowing me to consistently deliver high-quality results that met international standards. This experience enhanced my expertise in design innovation, buyer communication, and cross-functional coordination, allowing me to consistently deliver high-quality results that met international standards.
